

EDIKIO FLEX

THE FLEXIBLE SOLUTION TO PRINT PRICE TAGS ON STANDARD AND LONG PLASTIC CARDS

Edikio Flex is an all-in-one solution to print standard and long tags on plastic cards. It is the ideal solution for all your single-sided printing needs.

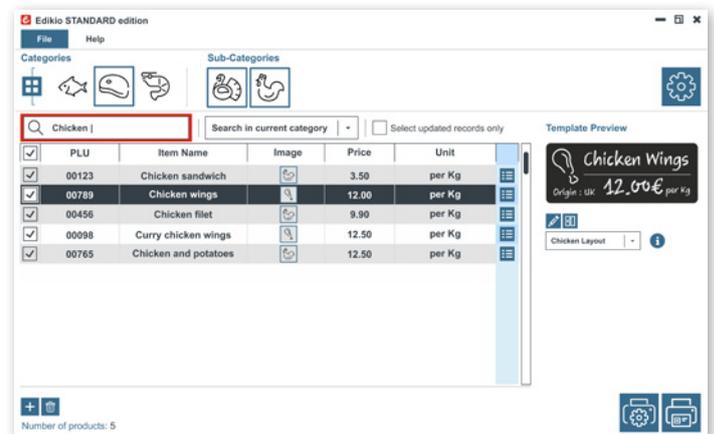

Made for retailers who need to print on several formats of tags, it includes everything needed to update and print price tags in a few minutes:

- The Edikio software Standard edition, dedicated for your activity and customizable to your store needs
- A compact printer for a minimal footprint in your store, able to print on credit-card-sized and long tags
- Consumables dedicated for use in the food industry*:
 - 100 black CR80 cards (credit-card format) + 100 long cards (150 x 50 mm)
 - A white ribbon for up to 1000 prints (in credit card size)

EASY-TO-USE SOFTWARE

Part of the Edikio Flex solution, the Edikio Software Standard Edition is an indispensable component of your price tag solution:

- Includes a vast library of images, sample item lists and tag layouts matching your activity
- Dedicated Edikio Chalk font
- Allows to sort your products by categories and even sub-categories to match the organization of your store(optional)
- Dynamic preview of your tags before printing
- Wizard for dual-sided printing
- Importation of your item list from an Excel file, or creation of a new item list directly within the software
- Automatic refresh from your Excel file
- Powerful search tools (PLU or keyword search)
- Automatic detection of updated prices since the last print

Edikio Printer Suite driver:

On top of the Edikio Software, the included Windows printer driver brings extra value with visual notifications and assistance if the user's attention is required (in case of low remaining capacity of consumables for instance).

Ideal for medium or larger retailers, such as:

- Supermarkets, Bakers,
- Butchers, Pastry chefs,
- Chocolate sellers,
- Cheesemongers,
- Fishmongers, Caterers,
- Wine merchants...

ENJOY THE BENEFITS OF PRINTING ON PLASTIC CARDS

Save time and gain flexibility

- Easy and quick to update thanks to the Edikio software
- No longer depend on a supplier:
 - Print your tags on-site yourself, in a batch or one-by-one
 - Re-print lost or updated tags in a few seconds

Comply with current regulations

- Thanks to full-tag customization, you can display all types of required info: allergens, product origin, nutritional facts...

Hygienic and dedicated for use in the food industry*

- PVC cards are free of any interstices, thus very easy to clean
- Evolis price tags are ideal for food retail and resist to cold and moist environments

Strengthen your brand image

- Make your own stylish price tag labels
- Harmonization of all your products
- Readable signs for your customers
- Professional, eye-catching shelves

Cost efficient

- Cheaper and longer-lasting than most alternative solutions, tags printed with Edikio Flex are cost-efficient
- Issue all kinds of cards for an optimized return on investment: Loyalty cards, gift cards, employee badges...

A VARIETY OF CARDS AND ACCESSORIES ALSO AVAILABLE

Evolis offers a wide range of cards and ribbons to print tags in a variety of colors*:

- Print in white on black cards (credit card size and long cards)
- Print in monochrome colors on white CR80 cards (black, red, green, blue...)
- Print in colors (YMCKO) on CR80 white cards

A full range of price tag holders suitable for all standard shelving is also available: narrow or wide pikes, magnetized tag holders, and even an exclusive dual-card holder.
